Message from Defibrillator Service: To all in the parish of Carbury it is with regret that the defibrillator service will no longer be 24 hours because they no longer have the volunteers to keep the service running. Free training has been offered and nobody seemed interested so they now have only two volunteers to cover the week, which is just not possible, so if the person on call is free then the phone will be answered if not it then it will not be answered. A meeting will be held to discuss the options and once again offer free training to anyone who would be willing to help them keep this service up and running. They hope to have details of this meeting in the Newsletter/local shops in the next few weeks.
