It has brought about radical and far-reaching changes in our attitudes to sex, marriage and gender. What is the secret of the sexual revolution’s cultural power? Is it delivering on its promises? And in this challenging context, how can the broader Christian Church engage with society in ways that win hearts as well as minds? The topic will be addressed by Dr Glynn Harrison, former Professor and Head of Department of Psychiatry, University of Bristol, where he was also a practicing Consultant Psychiatrist. He now speaks widely on issues at the interface between Christian faith and psychology, pastoral ministry and psychiatry. **Derrinturn Tidy Towns Report Summary 2017:** Derrinturn is welcomed to the 2017 SuperValu Tidy Towns Competition. Thank you for your application and helpful map. Your committee of 6 members together with volunteers are doing great work. Since joining the competition the community and businesses are making a big effort to develop and enhance the village through various projects. Your participation in the competition is important to the Tidy Towns unit and it is good to note that your participation has created a greater awareness among the community of the importance of keeping the village clean and litter free. You engage well with all the local businesses and the relevant agencies that give you support and assistance with your work. Communication to the wider community is through newsletter, village notice board and social media. The school also play a major part in helping you with your work plans. Last year's adjudicator recommended that you put together a 2 to 3 year plan for the village indicating your vision for the future of the village with planned projects for each year. The plan can be put together by the community with all members having an input.

Through Christ Our Lord. Amen.*
