Nothing in nature lives for itself. The rivers do not drink their own water; the trees do not eat their own fruit; the sun does not shine on itself and flowers do not spread their fragrance for themselves...Life is good when you are happy; but much better when others are happy because of you. *Pope Francis.*

ACI Zoom Meeting - Being Catholic in Contemporary Ireland November 25th, 2021, at 8.00 p.m.

"The majority of Irish people see and understand themselves as Catholics. Being Catholic is embedded in school, community and family life. And yet there seems to be little interest in salvation in and through the Church. Moreover, being Catholic seems no longer relevant to fulfilling social, political, economic and, more significantly, environmental interests." Tom Inglis - Irish Sociologist and Commentator. This observation - by the renowned writer on the Catholic Church's 'Moral Monopoly' in 20th century Ireland - will be expanded by Tom on 25th November - for discussion by all who are interested. If, like ACI, you are convinced that 'being Catholic' is far from irrelevant in an ongoing world secular crisis - climatic and otherwise - be sure to join us to tell us why.
